“...I have to give a shout out to [the stylist] who did my hair and makeup. She was great at my trial adjusting things until I felt comfortable. The day of I had nothing to worry about. She looked at the pictures from the trial and duplicated everything perfectly! All the other girls were extremely pleased with their hair and makeup as well. Not a hair out of place all night!...” — Beth

“Thank you and your team for showing my groomsmen a great time. All my boys were raving about the old school shave, most of them had never experienced that. My wife appreciated the under eye treatment and facial services as well (late night the day before the wedding). My whole group looked and felt great at the wedding and I thank you for that.” — Mark
